 - Desktop Zoom <http://users.telenet.be/littlegems/MySoft/DesktopZoom/Index.html>
 - Windows magnification

Research

Webbie <http://www.webbie.org.uk/> The Webbie software programs are programs that make it easier for blind and visually-impaired people, especially using screen readers, to browse the web, get the latest news, listen to podcasts and radio stations and other common tasks. They work with any screen reader, including JAWS, WindowEyes, Thunder, NVDA and Narrator.

Keyboards

Also, consider the need for a raised Keyboards (dots on the J and F) and a bigger monitor to facilitate the operation of software using magnifier

Portable recorder: Olympus LS14 (around €200)
